

Rocky Hollow Ranch Wildlife Management Association Annual Meeting Minutes

26 Feb 2022 – 9:30 AM Hill Country Fellowship - Burnet

- **Rocky Hollow Ranch Wildlife Management Association President, Tommy Parker, called the 2022 Annual Meeting to order at 9:46 AM.**
- **Tommy welcomed new members (David and Itzel Reyes - Lot 4; Jon and Linette Malone - Lot 6; Chris and Rachel Gollnick - Lot 21)**
- **See POA minutes for details on who was in attendance versus who submitted proxies. Numbers sufficient for a quorum were met.**
- **Tommy gave a brief rundown on the goals and purposes of the WMA and the the policies the BCAD has in place for qualifications. One of our projects this year will be placement of and marking of snags and brush piles. Because it has been several years since the membership has undertaken this project Tommy briefly outlined how this works. Basically, a snag or a brush pile creates a nesting and escape cover for small animals, birds, and insects such as bumblebees. A snag can be a downed or dead tree or other existing material which serves as a shelter. Pre-existing piles may be utilized and preserved. A brush pile can be erected from brush with an opening of about 8 inches at the bottom and a covering at the top. The perfect size is 12 to 18 feet in diameter and 3 to 6 feet high. Living matter such as a partially-cut cedar tree may be used as well. Disturbance such as mowing is discouraged, although occasional mowing can be done in the winter. The best place for one of these is at the edge of an open field. They should not be placed at the bottom of a drainage area. An email will be sent to members with more detailed information and instructions.**

Tommy entertained a motion for further nominations from the floor for any of these positions, but there were none. Bill Bundy moved that the nominations cease, and Robert Mathews seconded. All nominees were unanimously re-elected for a second term.

□ Guzzlers

- **Dave Donahue brought up the subject of guzzlers.** The WMA will pay for and provide instructions and materials for up to two guzzlers per year per lot, but this does not count as a WMA project unless all lots have a guzzler. Roy Williams (Lot 11) and Al Samson (Lot 23) would each like a guzzler. Keith Anderson offered to show folks how to build them and offered use of some materials he has available.

□ Kudos

- **Bruce McComas thanked the WMA board and members for helping out since he and Staci are part-time residents.** Keith Anderson offered thanks to Tommy for his work with the board.
- **Adjournment.** Tommy entertained a motion to adjourn, Bill Bundy made the motion, and Scott Cason seconded. Meeting was adjourned.
